**Don't miss this adventure to
serve God and show His love
as you make homes
warmer, safer, and drier!**

After serving 13 years in Mars Hill, NC, God has called us to a new and closer location in West Virginia. Join us for this unique opportunity to serve God and grow in your Highland community. Through this inter-generational experience you will join others from our church for a week of service, fellowship, and worship. You will create amazing memories and make life long friendships. You will grow closer to God as you do His work and love on the people we serve. This trip has been a life changing experience for many people. Youth and adults of all ages will work together in conjunction with the Shack, a home repair program. The children's program is specially developed and will focus on mission crafts and projects.
