

UPDATING YOUR INFORMATION IN THE HIGHLAND CHURCH DIRECTORY

NOTE: First, you need to provide your email address to the church to access the online directory. If the church does not have your email address, fill out a Directory Information Form and include your valid email address. After your information is updated by the Website Administrator, Mike Nolt, you'll be able to do future updates. This may require a delay of a week or so if we are having a high volume of changes.

Also, please be aware that any changes you make are not applied immediately to your records until they are approved by the Website Administrator, Mike Nolt.

To access the directory from your smartphone, you will need to download the Church Life app:

- Click on Play Store icon on your phone to access downloadable apps
 - In the search area type in "ACS Church Life" and click SEARCH
 - Download the Church Life app
 - Once it is downloaded, you will need to ensure that your data has been set up on Highland's website before it will permit you to login
 - The first time you use the Church Life app it will ask you to enter your email address and a password that you have already set up on Highland's website. Enter your information and click SIGN IN
 - Once signed in, you can stay signed in.

Uploading Photos through the Church Life phone app:

- Click on the Church Life icon on your phone
 - A list of people in the directory will display.
 - Key in your name and hit SEARCH.
 - Click on your name.
 - Click on the pencil icon in upper right.
 - Click on the circle where a photo would appear.
 - Select Take Photo or Camera Roll. Take a picture allows you to do that. Camera Roll will take you to the stored pictures on your phone.
 - Select your picture and upload it.
